Nuts cleavage challenge!

Do boobs still work? We investigate!

MARK YOUR diaries, chaps, for this Thursday is National Cleavage Day, where our womenfolk are encouraged to proudly show off what God gave them. But in these days of tut-tutters and sexual politics, has cleavage lost its shine? Lovely Joey Fisher found out by asking blokes to retain eye contact for as long as they could. The most any of them could manage was a mere 15 seconds. Proof that boobs do indeed still work. Yeah!

"Oh yes – the stitching on your top's lovely"

MIHAI "This will really brighten up the week!"

FREDERICK "The bigger the boobs are, the better!"

Look! God shows off!

Epic fireworks display hits Japan!

FOR ALL the floods, famine and general unpleasantness the omniscient, beardy bloke throws at the world, sometimes that God pulls out of his robe something so spectacular that we just have to doff our caps at the big man's showmanship. Like last week in Japan, where among the Sakurajima volcano's impressive eruptions of lava thrown hundreds of feet in the air, he added bolts of lightning *inside* the epic rain of rock. Presumably he then blew air across his two index fingers and holstered them, smiling.

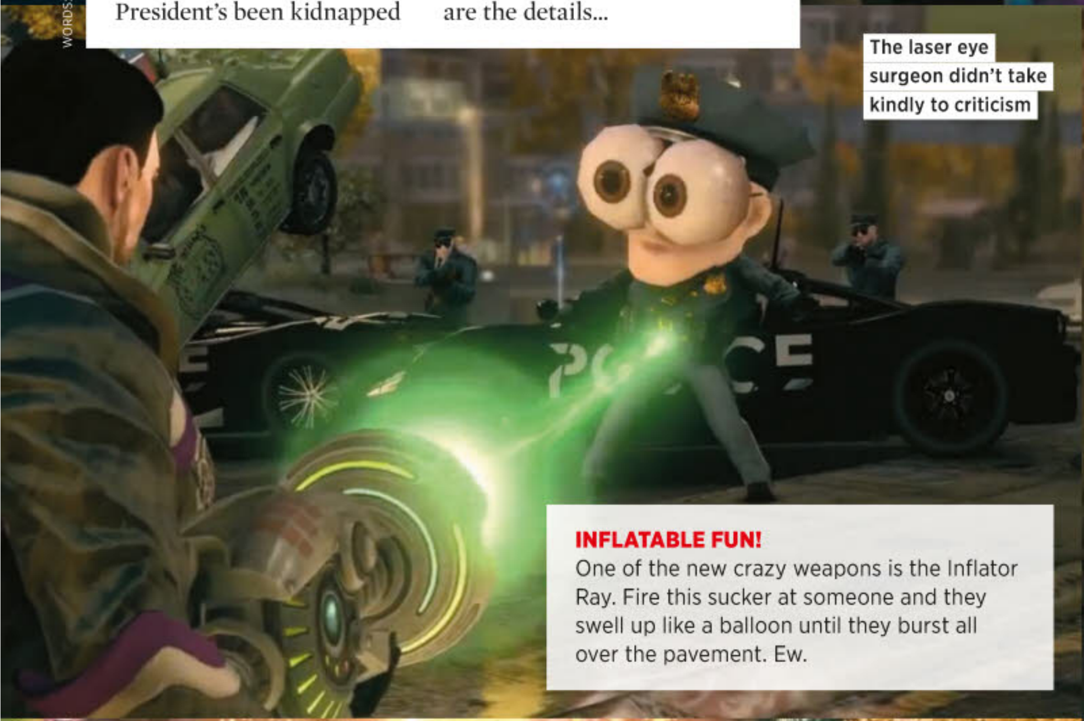
Saints Row IV first look!

The insane open world game returns!

WORDS: NICK COWEN, ANTHONY TEASDALE

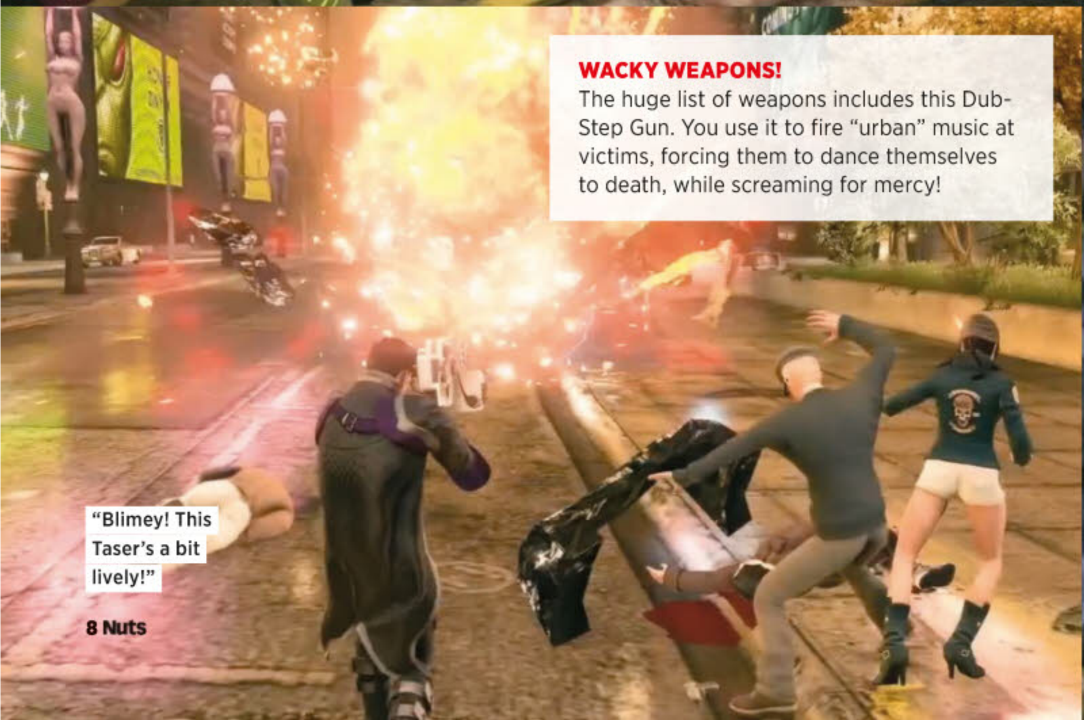
➡ ***SAINTS ROW*** is like *GTA* jacked up on Red Bull, *Nuts* and illegal amphetamines. Now a fourth game's on the way, due out in August, and it sounds terrific! The US President's been kidnapped by aliens and placed in a parallel universe, so you – the leader of the Saints gang – must save the world by smashing up the alien menace and starting a crime wave. And this time, you have superpowers! Here are the details...



INFLATABLE FUN!

One of the new crazy weapons is the Inflator Ray. Fire this sucker at someone and they swell up like a balloon until they burst all over the pavement. Ew.

The laser eye surgeon didn't take kindly to criticism

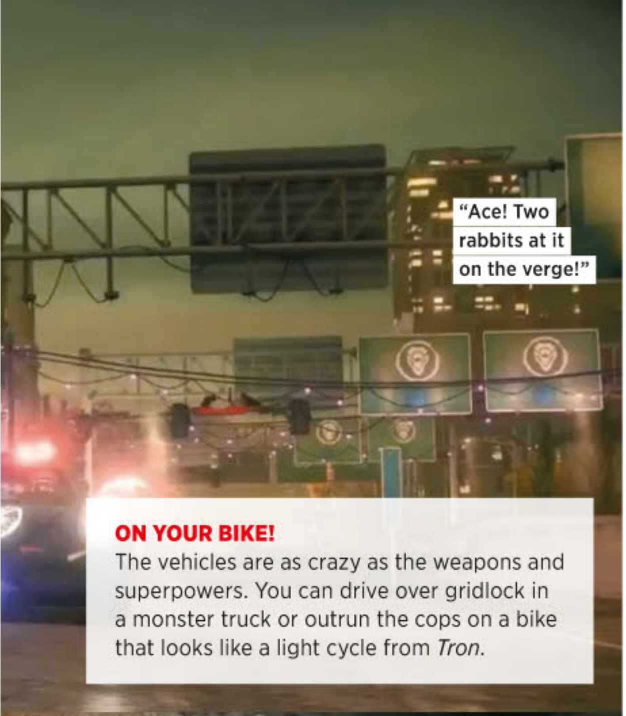


WACKY WEAPONS!

The huge list of weapons includes this Dub-Step Gun. You use it to fire "urban" music at victims, forcing them to dance themselves to death, while screaming for mercy!

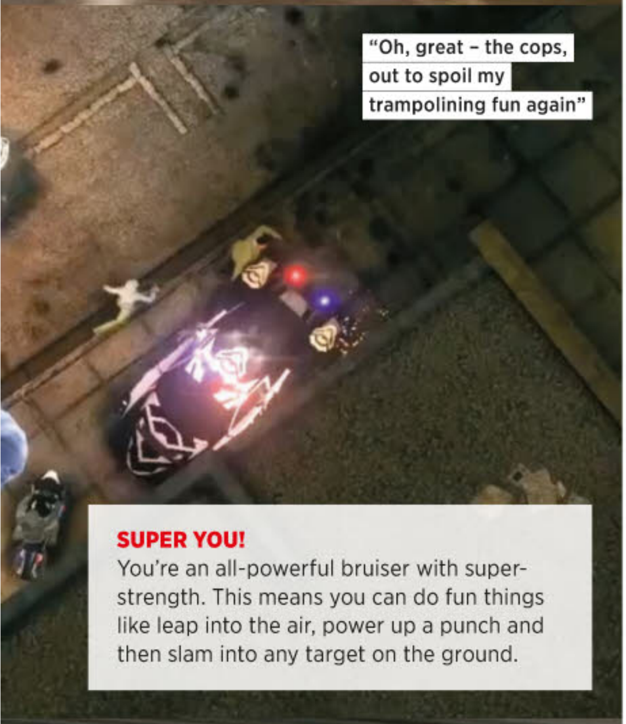
"Blimey! This Taser's a bit lively!"

"Urgh! Cover your mouth when you're sneezing, pal!"



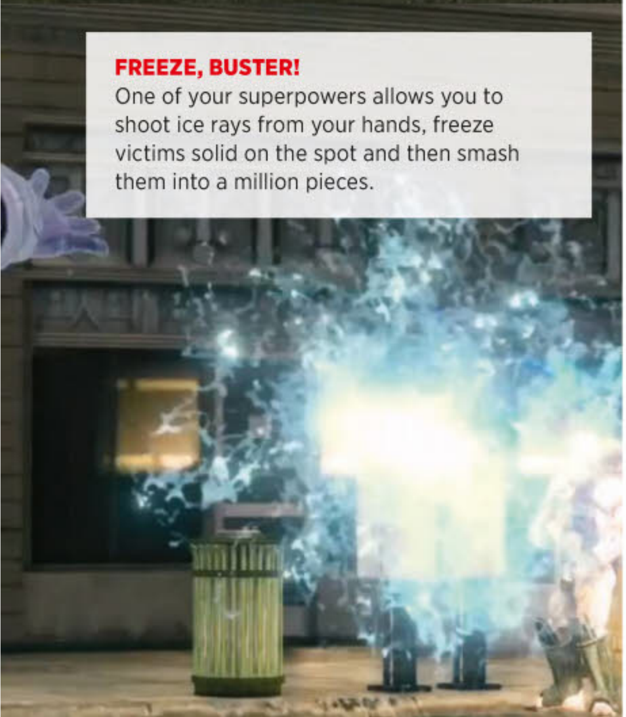
"Ace! Two rabbits at it on the verge!"

ON YOUR BIKE!
The vehicles are as crazy as the weapons and superpowers. You can drive over gridlock in a monster truck or outrun the cops on a bike that looks like a light cycle from *Tron*.

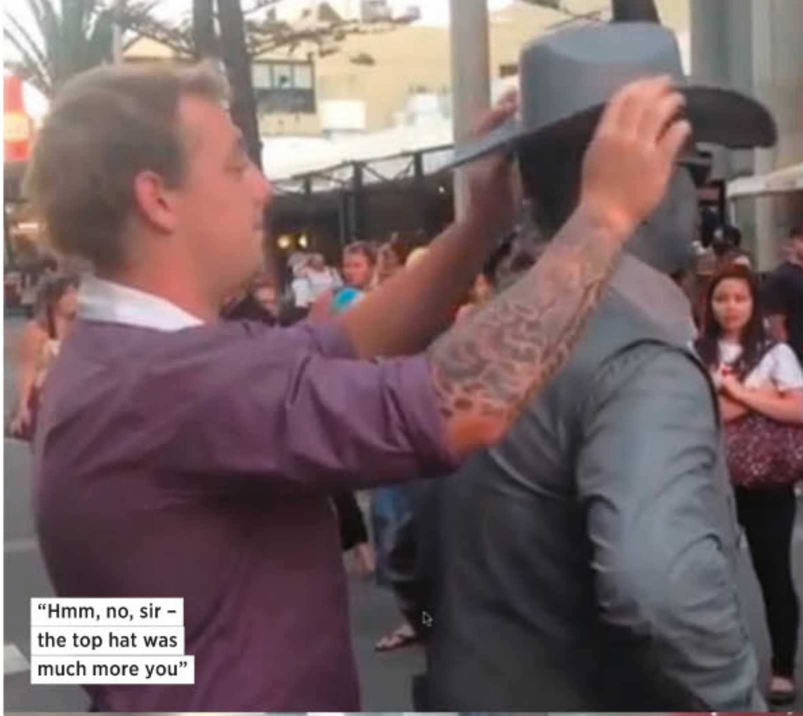


"Oh, great – the cops, out to spoil my trampolining fun again"

SUPER YOU!
You're an all-powerful bruiser with super-strength. This means you can do fun things like leap into the air, power up a punch and then slam into any target on the ground.



FREEZE, BUSTER!
One of your superpowers allows you to shoot ice rays from your hands, freeze victims solid on the spot and then smash them into a million pieces.



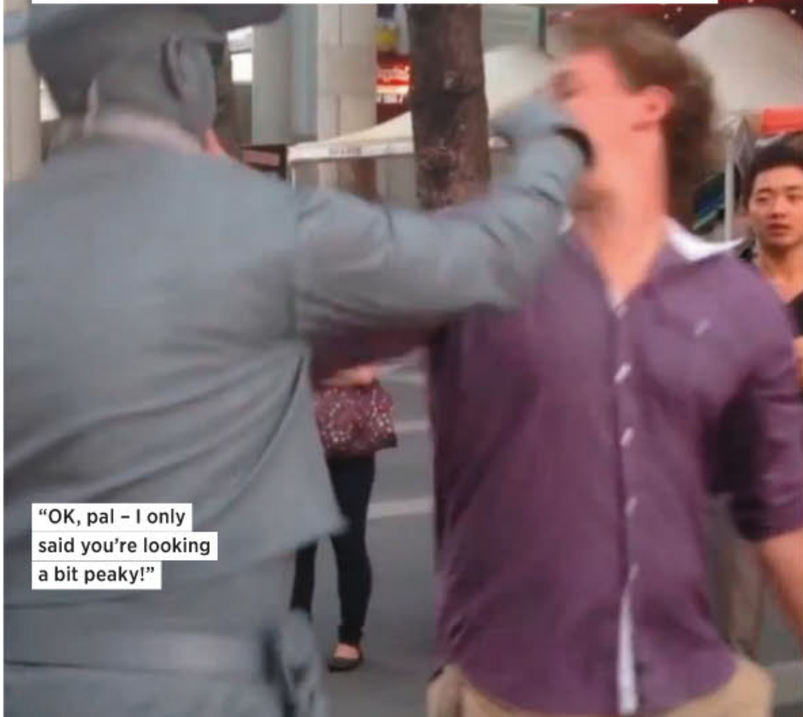
"Hmm, no, sir – the top hat was much more you"

Knockout!

"Robo-cowboy" performer wallops heckler!

➔ **NO ONE** likes to be hassled when they're working. One street performing "robot cowboy" was happily doing his routine in Australia last week when an onlooker tapped him on the head, messed with his hat and stuck a finger in his ear – and it was the final straw.

The heckler was suddenly surprised by a right-hand punch from the cowboy that knocked him senseless. One-nil to the cowboy!



"OK, pal – I only said you're looking a bit peaky!"

India, Nicole and Kym cool off by the pool!

EVERYONE LOVES a good frolic in the pool. Look at *Nuts* girls India, Nicole and Kym here, snapped in the Canaries last week – they're having so much fun, they've forgotten to put their bikini tops on!

It's not all drinking cocktails and talking about the hotel buffet, though. Oh, no. They were there to do some "serious" work – well, as serious as work gets when you're turning *Nuts* readers into drooling wrecks.

We've no idea what their book was about – we were more concerned that their copy of *Nuts* was nowhere to be seen. "It's alright," India told us. "I downloaded the iPad version."

So long as it didn't get wet!

Series two of *Splash* was a great improvement

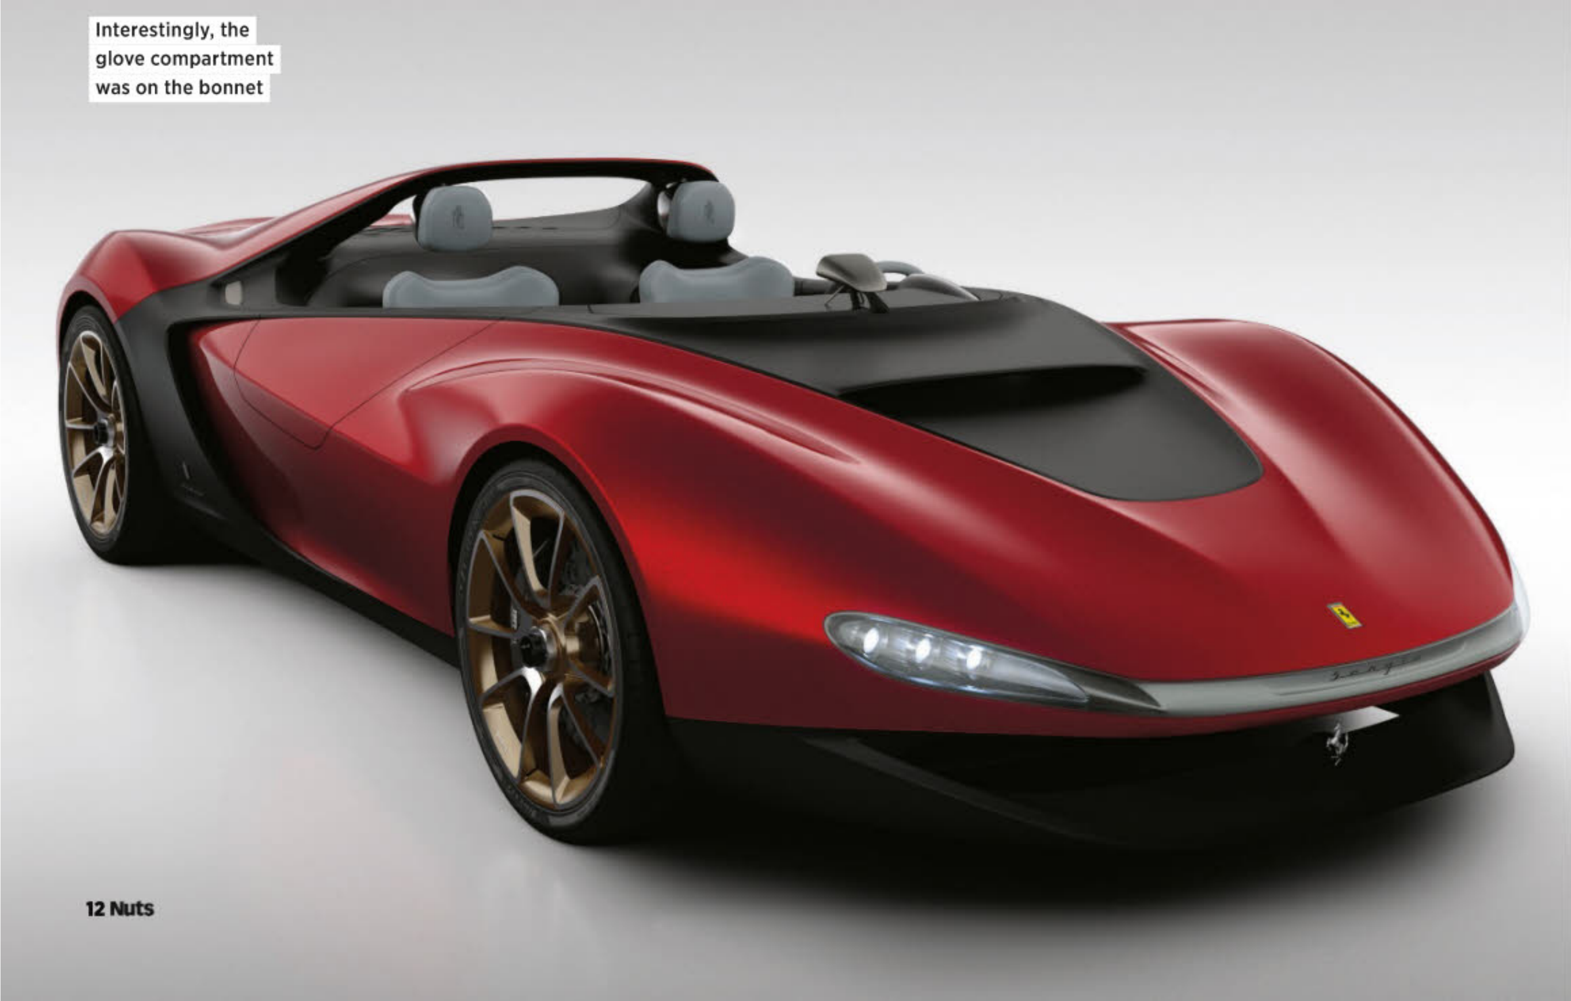
Pininfarina's Ferrari 458-based design concept goes into production

- **This kind of thing happens occasionally in the motor industry, and when it does, it's wonderful. Italian coachbuilders and Ferrari chums Pininfarina hit up the Geneva Motor Show with this, the Sergio – a "design exercise" based on Ferrari's 458 Italia. And now they've decided to make it.**
- So, five or six of these impossibly gorgeous convertibles will go to lucky buyers, minus the Ferrari badge, but plus a wee windscreen, so drivers won't have to wear crash helmets.
- **When they were crayoning it, the designers took into account any homologation requirements – regulations**

WORDS: RORY BUCKERIDGE



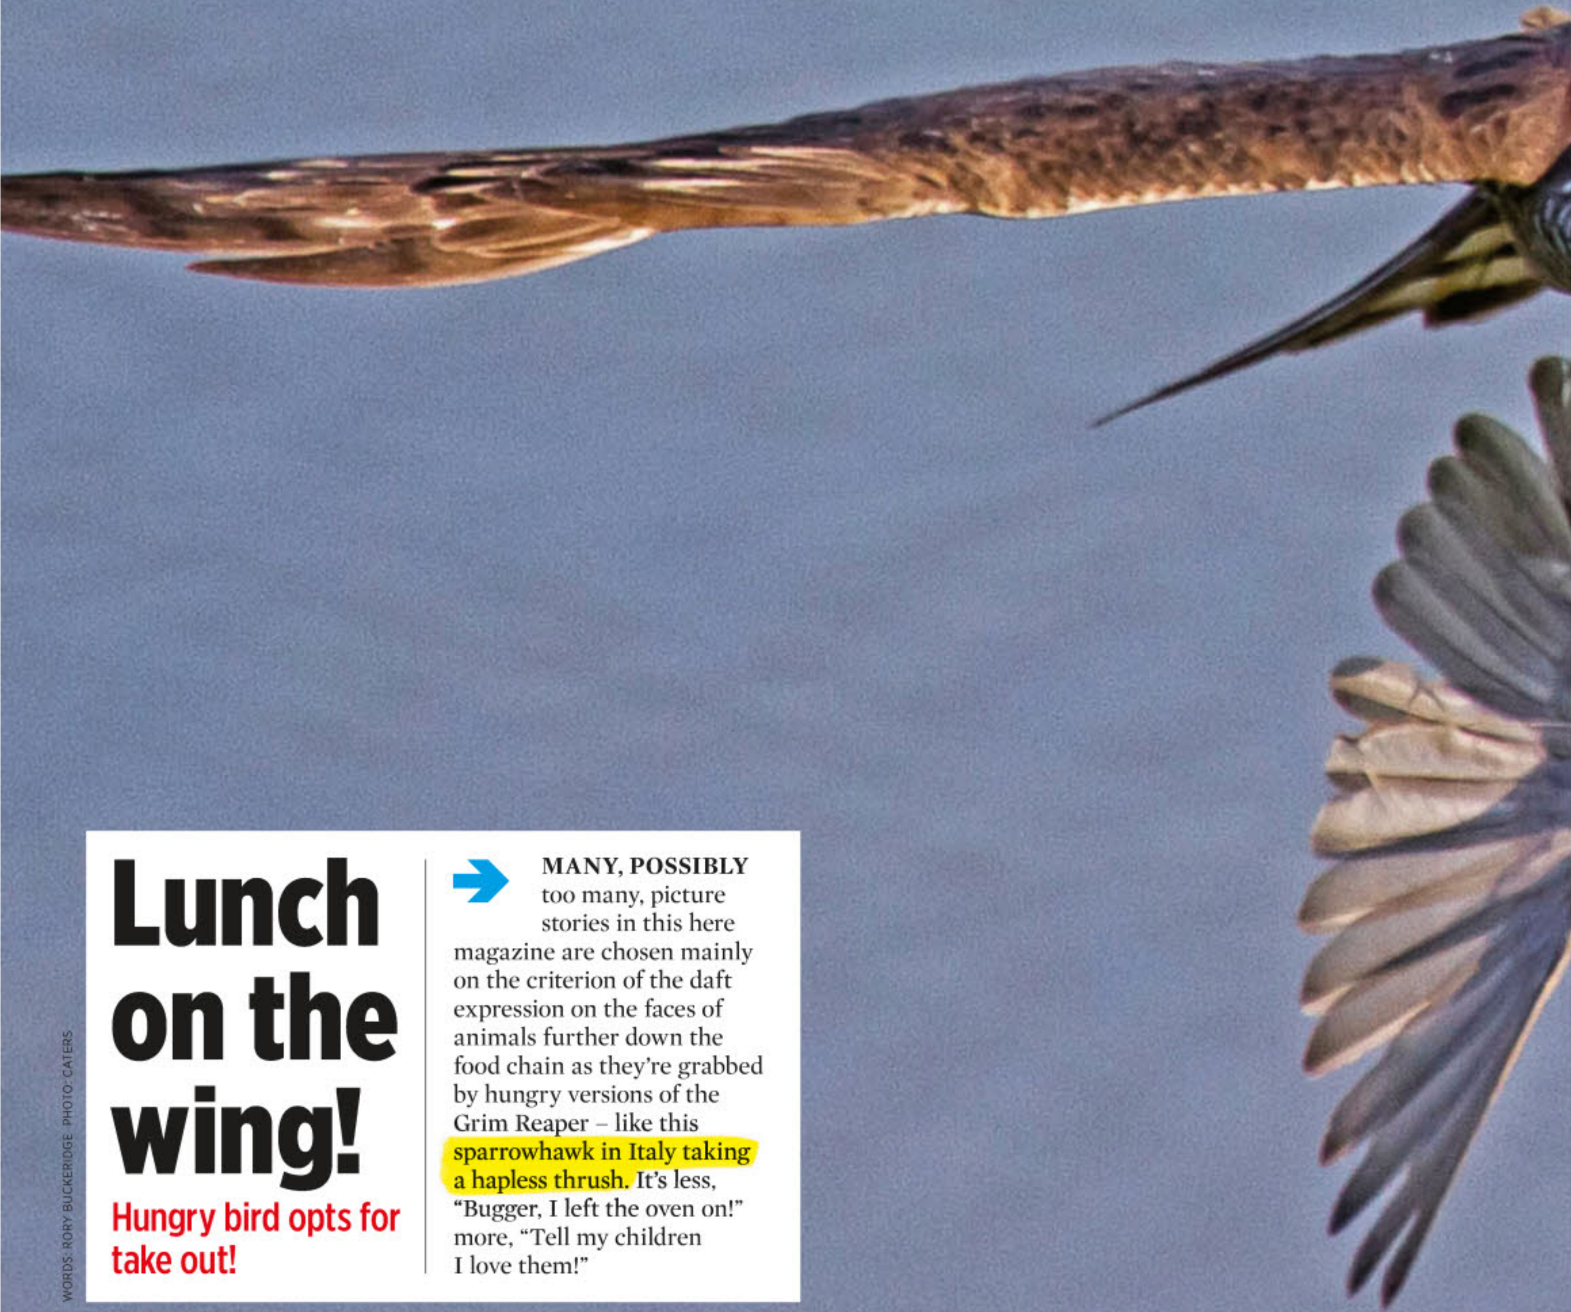
Interestingly, the glove compartment was on the bonnet

Crouch had the roofs removed in all of his motors

making the car street legal – so it'll be a breeze to stick its four tyres on the road with a tax disc on the screen.

- Named after the recently deceased former president of Pininfarina, the Sergio is a two-seater "barchetta" which takes design cues from many famous Pininfarina designs. The raking front and angled headlight array are Ferrari Dino-esque, while in profile, the long lines and side strakes echo the futuristic 1968 Ferrari 250 P/5 concept. Small scissor doors have also been added, along with a gaping hole on the bonnet and a lightweight honeycomb engine cover.
- **It may be based on Ferrari's 458 Italia and have its 4.5-litre, 570bhp engine between the rear wheels, but this will be a very different beast. For starters, at 1,280kg, this will weigh 205kg less than the Ferrari so will shave a couple of miliseconds from the 458's 3.4 second 0-62mph blast and add a couple of miles to its 202mph top speed.**
- But what price such exclusivity? Well, Pininfarina will push five or six Sergios out of its Cambiano factory, to the tune of at least £2.5million a pop. Don't bother picking up the phone, though – these will almost certainly already have been sold to "special clients". In an Emirate somewhere, most likely.

Pesky moths had already gone to town



Lunch on the wing!

Hungry bird opts for take out!

MANY, POSSIBLY too many, picture stories in this here magazine are chosen mainly on the criterion of the daft expression on the faces of animals further down the food chain as they're grabbed by hungry versions of the Grim Reaper – like this sparrowhawk in Italy taking a hapless thrush. It's less, "Bugger, I left the oven on!" more, "Tell my children I love them!"

Hannibal Lecter returns!

The *Silence Of The Lambs* baddie stars in a TV show!

HE'S EATEN half of Hollywood, skinned countless coppers and feasted on every part of the human anatomy you can think of. And now he's got his own TV series!

Hannibal takes the most cunning serial killer in film history and places him at the service of an FBI agent Will Graham, who is unaware of Lecter's taste for cannibalism. With Laurence Fishburne and Hugh Dancy starring, this is one to look forward to.

- *Hannibal* is coming to Sky Living later this year.

"What do you mean, it's not the best lasagne you've ever tasted?"

NEW SHOW! NEW LECTER!
Dr Hannibal Lecter is played by Mads Mikkelsen, who starred as Le Chiffre in the James Bond film *Casino Royale*.

"Mum! I told you to knock before entering!"

SERIAL KILLERS ON THE LOOSE!
As the series goes on, the murders get more inventive. So what role does Lecter play in it all? You'll have to watch it!

"Yes! I can confirm he really, really liked ketchup!"

INVESTIGATING NUTTERS!
Hugh Dancy stars as Will Graham, the FBI agent who befriends Lecter. Little does he know that Lecter wants to eat his face.

BIRTH OF A CANNIBAL!
The show traces Lecter's emergence as a people-eating mental, while he assists the FBI in catching other killers.

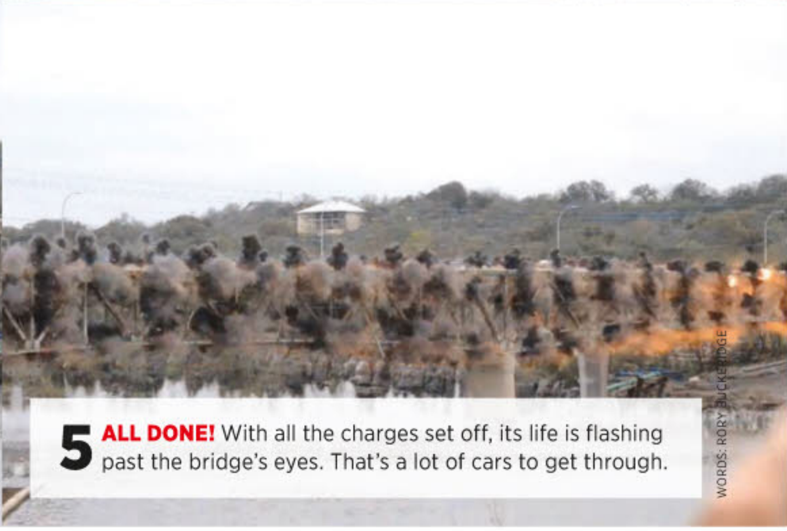
Bridge goes bang!

Thing terminated with extreme prejudice!

IF YOU'RE going to blow up a bridge, you may as well make it fun, eh? That was the thinking in Marble Falls, Texas, whose civic chaps threw a bit of a bash, inviting all comers down to witness the US-281 bridge being blown to smithereens. And, like most things in life now, the winner, mostly, was YouTube.

1 **THE COUNTDOWN!** Crowds gathered at a safe distance to count down the explosive-led destruction.

4 **HALFWAY THERE!** The chain reaction encompasses the structure – it's catching its last breaths right here!



5 **ALL DONE!** With all the charges set off, its life is flashing past the bridge's eyes. That's a lot of cars to get through.

6 **INTO THE DRINK!** With an audible groan, the joins give in, and the bridge plunges into the watery depths.

'You can see the muscle hanging out of my arm'

Glass door slices and dices reader's arm!

AFTER A heavy night out, hungover Jamie Hill managed to slip and put his arm through a glass door. "I sliced the main muscle literally in half," he told *Nuts*. "In the photo, you can see it hanging out. I also fractured a bone. The blood squirted all over the walls!"

The 21-year-old removal man was whisked to Royal Bournemouth General Hospital where he had more than 130 stitches inserted. "And my arm was full of little pieces of glass that all had to be removed."

Incredibly, he was back at work just five weeks later. "It's all good now," he says. "I just have some horrid scars." Or some very cool scars, Jamie. It all depends on how you look at it!

10 reasons why The Rock rocks!

Star of *GI Joe: Retaliation 3D* is *Nuts* hero!

IF YOU'RE looking to treat yourself with a trip to the cinema, may we suggest *GI Joe: Retaliation*. Not only does it star the second-coolest bald guy in Hollywood (step forward Mr Bruce Willis) but also the coolest bald guy in Hollywood Dwayne Johnson – aka The Rock. Here are 10 reasons why he rocks!

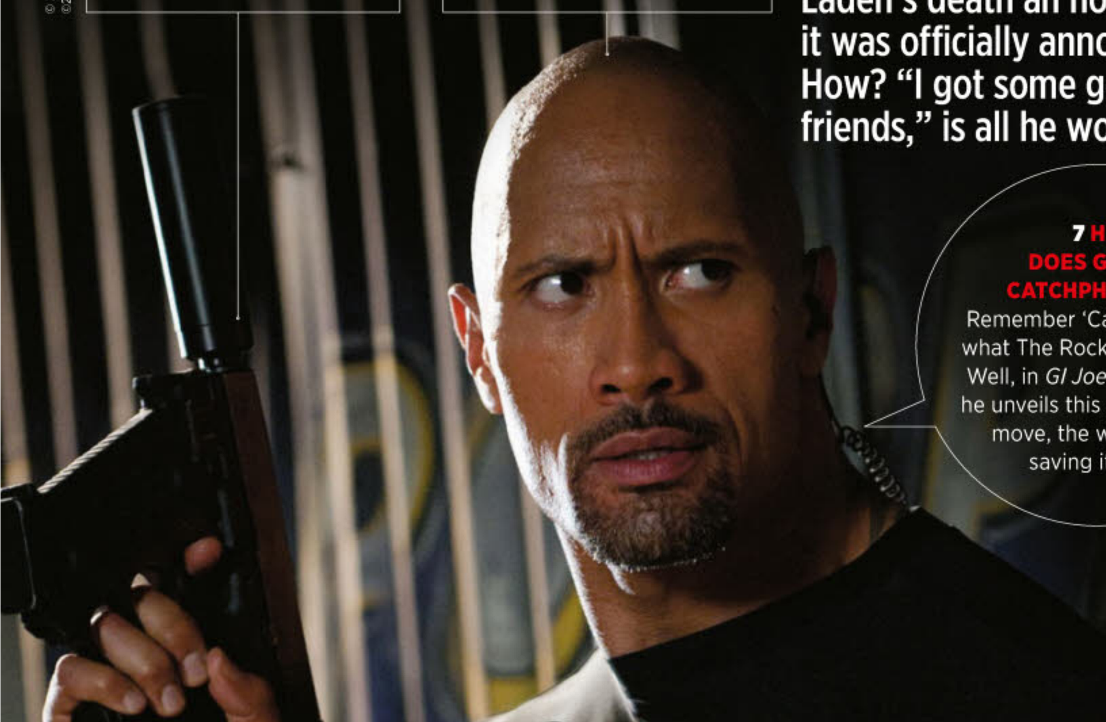
© 2013 PARAMOUNT PICTURES. ALL RIGHTS RESERVED.
©2013 PPC. © 2013 HASBRO

1 HE'S GOOD WITH GUNS!

In *GI Joe: Retaliation*, he fires a 58kg Browning .50 cal machine-gun from the waist!

2 HE'S SMART!

While a student at the University of Miami, he had an A-grade average while studying Criminology!



3 HE'S HIS OWN MAN!

The Rock's first wrestling nickname was Flex Kavana. He didn't want to trade off his dad's – Rocky Johnson – fame!

4 HE WAS NEARLY WILLY WONKA!

If Johnny Depp hadn't accepted the role, The Rock was Tim Burton's second choice for the 2005 movie!

5 HE SHARES A BIRTHDAY WITH BECKS!

The Rock was born on 2 May – a birthday he shares with David Beckham, Lily Allen, World War 1 flying ace The Red Baron and, erm, Alan Titchmarsh!

6 HE'S A REAL-LIFE GI JOE!

The Rock tweeted about Bin Laden's death an hour before it was officially announced. How? "I got some good friends," is all he would say.

7 HE DOES GREAT CATCHPHRASES!

Remember 'Can you smell what The Rock is cooking?' Well, in *GI Joe: Retaliation* he unveils this belter, "Let's move, the world ain't saving itself!"

8 HE'S HOUSETRAINED!

One action sequence was shot inside a NASA base. "We had a lot of explosions in there," The Rock explains, "but we cleaned up after ourselves!"

9 HE'S TRUE TO HIS FAMILY!

His cousin Tanoai Reed is his stunt double in *GI Joe: Retaliation* and he dreams of one day playing a Bond villain like his grandpa who was in *You Only Live Twice*.

10 HE'S A GYM MONSTER!

No wonder he got the part of Roadblock – he's big enough to be one! He's 6ft 4, weighs 19st, has 22in biceps and can bench press 192kg!

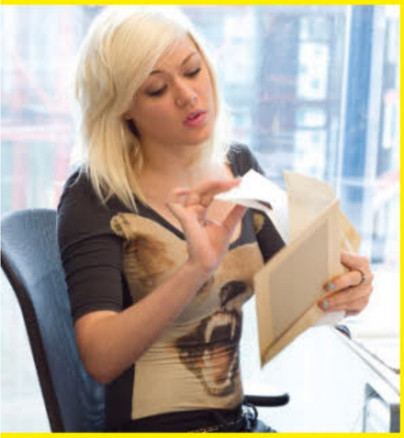
SEX ADVICE FROM A FIT LESBIAN!

Because she knows what she's doing and we don't!



KEEP UP WITH DANNI ON THE NET! For all Danni's latest news and pictures, follow her on Twitter – @Danni_Orsi

How does she feel about me?

There's a lass at work who knows that I fancy her – I buy her wee prezzies, we flirt and I've even asked her out on dates. She hasn't poured cold water it, but she's always making excuses. I feel like she's leading me on. How do I find out what she really wants?

KYLE Glasgow

A gentleman gives presents and affection without any need for something in return. Do this and no woman can mess you around. I suggest you buy someone else in the office a present and see how she reacts.

LETTER OF THE WEEK!

She's too kinky for me!

The girl I've started seeing is great, but recently she's started making me choke her during sex. I know some people get off on that, but I find it freaky. At the same time, I don't want her to stop sleeping with me. Help!

DUANE via email

If you feel you uncomfortable, begin with gentle strokes. Hold her, rub her, run a firm hand along her back a little harder, always pushing her skin upwards. Direct every movement towards her neck until your hand's there. You won't need to hold hard – she just wants to be dominated.

Is she a cheat?

I found a pair of crotchless knickers in my girlfriend's drawers when I was looking to check her sizes to buy lingerie. She's never once worn these or hinted at introducing them. I'm terrified she's doing the dirty!

JACK County Durham

There are many possibilities and jumping to conclusions can destroy a relationship. I suggest you wrap up the crotchless pants in pink tissue paper, pop it in a box and tie a pretty bow around it. Leave a "what's this?" note on the bed.

ILLUSTRATION: BILL McCONKEY

NOT GETTING MUCH LATELY? WHY NOT TRY YOUR LUCK AT WWW.NUTS.CO.UK/DATE

How do I handle boobs?

Can you tell me how to handle boobs? I always just end up rubbing them during foreplay and I don't get much response. What will drive a lady wild?

BOBBY via email

Perhaps it's you who doesn't receive much response from boobs. If you loved them you'd suck, nibble, pinch, push together, stroke, lick, smell, tickle. This is why it's important to let yourself go in the bedroom because if you don't find what truly turns you on you'll never truly be satisfied!

- If you've got something to ask Danni, just email her at **thelesbian@nutsmagazine.co.uk** or write to her at the usual *Nuts* address on p66.

If you could take up any new hobby, what would you try?
Anything dangerous. Maybe an extreme sport like base jumping, sky diving, or maybe swimming with sharks.

How can a guy make himself more attractive to you?
Be yourself and be comfortable in your own skin. Just don't be too cocky. That's the most unattractive thing in the world.

What was the last really great movie you saw?
I always love watching *Step Brothers* – it's a classic!

What's on your iPod?
Beyoncé's never far away, and I love a bit of Emeli Sandé, too.

Which TV shows would you most like to go on?
I'd love to present an episode of *Embarrassing Bodies*, but my dream is to do *Top Gear.*

What's your grand plan for the rest of 2013?
I'm going to a few festivals and I'm going on holiday to Ibiza. It's going to be one long party.

What's the rudest thing you've ever done?
I had sex on holiday in Egypt on the transfer bus taking us to the hotel. That was pretty rude! ✖

"My dream is to appear on *Top Gear* one day!"

OPERATION: CERTAIN DEATH

HOW 60 BRITISH TROOPS TOOK ON A 100,000-STRONG IRAQI ARMY

IT'S BEEN ten years since the men of Britain's Special Boat Service took on an unimaginable task. Their challenge was to take the surrender of the Iraqi V Corps – a 100,000-strong army that had control of northern Iraq. Now, *Nuts* speaks to a senior NCO, Sergeant Steve Grayling who was involved in the mission, and finds out how the troops overcame all odds to survive.

The mission, so MI6 led them to believe, would be straightforward: enter the desert, locate an army, who, having grown weary of Saddam's tyrannical rule, would simply hand over their weapons. The outcome, which led to a death-defying escape, was far different.

AMBUSHED

The Special Boat Service troops – a regiment made up largely of experienced ex-Royal Marines – were dropped into the desert in the dead of night and, with only a dozen lightweight Land Rovers and a fleet of quad bikes to carry them, made their way to their target. Halfway to the destination, they received news that a team of elite Iraqi troops were hunting them. They were massively overstretched. The desert was 50°C by day, freezing by night. The men had little water, limited ammo and now had the threat of ambush to deal with across a 1,000km stretch of open terrain.

Upon reaching where they believed the Iraqi V Corps were based, the troops came under heavy fire. Steve Grayling recalls: "When the first rounds came in, we got a sense of the kind of firepower we were up against. Getting slammed by a dozen 12.7mm machine guns was bad enough – one of those will rip your limbs clean from your body. When the huge tank shells started hammering into the lake bed where we were hidden, we knew we had to get out of there or we'd be finished."

OUTNUMBERED

It was at this point that things got worse. Steve and his comrades saw Iraqi tanks followed by lorries filled with infantry troops piling onto the sand, ready to finish them off. It wasn't just the attack that was terrifying – it was the realisation that such heavy fire could only have come from the V Corps – the very men they were to liberate from Saddam's grip.

Steve continues, "We were outnumbered and outgunned – there was no way out. We had F16s above us and they did their air recces but said they couldn't differentiate friend from foe clearly enough to do any drops. We knew that without top cover, V corps would be able to annihilate us with ease."

The 60 men – several of whom were by now wounded – then had to jump onto the remaining vehicles to escape. "We had so many men loaded onto the wagons – even blokes laying across the bonnet," remembers Steve. "Others hung off the back as tracer fire zipped all around us."

The men had no sleep, little water and many were injured

Because the wagons were so overloaded, the SBS boys' use of their mounted machine guns was now hampered. The enemy fire was so intense, Steve recalls how some vehicles became so badly shot up, they looked like sieves.

"I never had time to fear death, though it was ever-present during the entire night of the firefights. Getting me and my men out alive was the overriding factor for me."

INSPIRATION

Just as it looked like the force would be wiped out, there came a moment of inspiration. One of the commanders radioed the F16s and asked them to fly overhead again, upon which he ordered his troops to fire the one and only weapon that could save them: a thermobaric rocket. At that time an untested weapon, it fired fuel into the air creating a huge explosion. As a very last resort, the commander hoped the Iraqis would think the F16 was firing at them and flee, giving them time to escape.

The bluff worked and the men were able to escape into the desert. Around 40 troops were picked up by RAF Chinook helicopters and two more had outrun the enemy on a quad bike. They were picked up by the Syrian Army and later released. All 60 eventually made it back alive.

Looking back on the mission, Steve believes that capture was never an option. "We knew we'd fight to the end – to the last man and the last round. We drove the wagons until some ran out of fuel. It was f**king desperate. Die heroes; die cowards – take your pick." ✖

SBS' SECRET WEAPON EXPLAINED!

1 Known as the "fuel-air bomb", the thermobaric rocket is fired from a shoulder-mounted rocket launcher into the air.

2 On reaching a predetermined height, the missile bursts open, releasing a container of fuel and two explosive charges.

3 These are then detonated, releasing an enormous firestorm that obliterates absolutely everything within the immediate blast radius.

MATT SMITH!

The Doctor tells us all about life in the Tardis!

The fez seller's stock was on the low side

Hello Matt! You have some very snazzy socks on today!
Thanks, I love a bold sock.

Lovely stuff! Last time we saw the Doctor, he'd gone all emo – has he cheered up a bit now?
Yes. I'm back. And he's mad again! He's turning up in stupid clothes and Clara [the new assistant] is like, "You're a nut-job. What are you doing?" and he's like, "Come on!" So the mad Doctor's back. He's got to be mad and adventurous and curious.

How bonkers is this new series going to be?
The first episode is set in London where aliens have infiltrated the Wi-Fi. Wouldn't that just piss you off? It's all very James Bond – there's a lot of action and I ride a motorbike up the side of a skyscraper. I do all my own stunts. For one episode, we also built a full-size submarine and flooded it with water. That's pretty cool. And at the end of the series, the Doctor's biggest secret will be revealed.

What is it? Do we discover his huge stash of *Nuts* magazines in the Tardis?
Ha! I really wanted to see the Doctor's bedroom but we don't, unfortunately. What's really exciting about the episode when we do find out a bit more about the Tardis is that it's not just all walls and corridors. There are lots of different parts.

What would you love to see in there?
I thought he'd have a space safari park in there where he's collated all these mad animals from throughout the universe who just hang around.

Awesome! Is it true that you're not a big fan of Twitter?
It's not that I'm not a big fan, I just think I feel a bit intimidated by the whole thing. What's interesting is that the Doctor's not a big fan either. For someone who has this great mind, modern human technology baffles him. It's like women! Clara will flirt with him and he'll feel uncomfortable so he'll just insult her. But then he gets the hang of the technology and uses it to save the world.

You mentioned new companion, Clara – is the Doctor going to miss the super-sexy Amy Pond?
I think he's got over his grievance for The Pond, and this new assistant, Clara, reignites his curiosity in the universe and gives him his mojo back. It's such a weird thing, *Doctor Who*. I'd only met Jenna-Louise Coleman [who plays Clara] twice, then we're suddenly on set and someone goes, "Add some chemistry!" As an actor, it's hard to do that because it means exposing yourself. But Clara is good for The Doctor.

We sometimes get a bit baffled watching the show. Do you ever read the scripts and think, "Huh?"
I get it most of the time but only because I'm trying to pay attention. It's my job to join the dots. There's a tendency these days to dumb everything down. But do children get all of *The Simpsons*? No, they get the bits they enjoy. Would you want a *Doctor Who* that isn't all sciencey-wiencey and wibbly and strange?

Fair point! It's *Doctor Who*'s 50th anniversary this year. Are all the living Doctors going to have a massive time-travelling booze-up?
Ha! Not quite. But there's a special 50th anniversary show. I read the script yesterday and I clapped at the end. Man alive, it's spell-binding! Parts of it are in mad 3D and other elements are different, so it's not just a normal episode. It's epic and fast and hilarious but I can't say any more than that or else I'll have to kill you!

If you could have played any of the *Doctor Who* baddies, who would you choose?
I loved the lady vampire in *The Vampires In Venice* in that big Venetian dress. Obviously, I'd have to play her as a man.

When you're not being the Doctor, what do you watch on telly when you're at home vegging out?
I love *Breaking Bad*. And I'm loving *The Walking Dead*. I'm on season three at the moment.

Thanks, Matt! Finally, you recently charged someone 50 quid for a snog for charity. What would you do for a hundred?
Ha-ha! Stop pimping Doctor Who out! ✖

Holly Peers

Hi Holly! What have you been up to recently? Hello! I've had some good nights out. I've not been on the prowl much, though!

How would you seduce a man?
It baffles me how a man could ever fancy me because usually when they meet me, I'm being really feisty and silly.

All the other *Nuts* girls say you're the wildest. Is that fair?
Oh no! Sabine's way naughtier. At a party we went to in Barbados, she was the one dancing in the street and shaking that big bum of hers.

Who is the feistiest girl on today's shoot?
Again, Sabine. I love her big bum. I even proposed to her when we were in Barbados!

Ever had a sexy sleepover?
I've had plenty of sleepovers but I wouldn't call them sexy. We always end up getting loads of pizza and booze.

Have you ever had a pillow fight in just your knickers?
Yes! Actually, I think I had a topless pillow fight with Emma Glover for *Nuts* once.

Who would play you in *Holly Peers: The Movie*?
Emma Stone from the new *Spider-Man* film. I really like her at the moment. I'd love someone to make a film about me – it would be well raunchy.

Spring's on the horizon, but which is the sexiest season?
Winter. I like dressing up in big, thick, chunky clothes and you get to stay indoors and snuggle. And have pillow fights with other girls. Ha-ha!

Lovely! So what's your plan for the rest of the year?
I'm going to Ibiza, then I'm going to LA on a girlie holiday. It's going to be mad! ▶

"Sabine's bum and legs have really caught my eye!"

Nicole Neal

Hi Nicole! How are you today?
I'm good, thanks! The shoot's looking great. There are loads of shots of me bent over in weird, bendy positions!

Who's really caught your eye?
They've all got it going on in different ways. I'd have Holly's sparkly personality, boobs and general sexiness, Kelly's face, and Sabine's bum and legs.

Who's been the naughtiest?
Kelly! She really loves to touch people in rude places. I'm not that cheeky.

What weird requests have you had from blokes?
I've had a guy asking me to post pictures of my "beautiful feet". I don't even think I have beautiful feet!

Are you excited that the end of winter is in sight?
Yes, but I hate the bugs that come with it, so I'd like to have summer's weather with winter's creatures. Perfect!

Would you ever go on *Big Brother* if you were asked?
Big Brother just looks boring. I'd love to do *Strictly Come Dancing* or *Dancing On Ice*.

What advice could you give a fella trying to impress girls?
Be a gentleman. I saw a guy the other day making his partner carry his big suitcase for him. That was out of order.

What would your ideal *Nuts* shoot involve?
It would be great to get all of us girls together for a topless group shoot. There would be everyone here, plus Rosie Jones and India Reynolds.

If you were editor of *Nuts*, what changes would you make?
I'd make sure I'm on the cover every week. I'd make every issue a Nicole Neal special! ▶

“It’s hard work having big boobs!”

Kelly Hall

Hi Kelly! How are you enjoying this shoot?
It's good, thanks! I'm having a lovely day. I prepare for shoots like this by trying to have sexy dreams the night before!

Do you brief your boobs on how to behave during a shoot?
I always give them lots of moisturisation. I have to look after these puppies. It's hard work having bloody big boobs!

Have you considered insuring those bad boys?
I definitely would if they were fake. But these are very much real, so no, not really.

Who's the cheekiest girl on today's shoot?
Holly, without a doubt. She comes across all sweet and innocent, but give her a drink and the real Holly comes out.

What are you like when you've had a tipple?
I actually saw a video of myself drunk the other day, and it was the most cringeworthy thing I'd ever seen!

Have you invested in any saucy undies recently?
I have a new body stocking which is pretty sexy. After I pour myself into that, I look taller, as well as sexier.

How can a chap make a good impression with the ladies?
Make sure you smell nice. Good aftershave is a must for every bloke. That can be enough to drive a girl wild.

Do you have a girl crush on anyone at the moment?
Kelly Brook – I'd love to get my hands on her. Also, Jessie J has something about her.

Thanks, Kelly! Finally, would you ever do a reality TV show?
I'd love to do *I'm A Celebrity...* That would be a great laugh! ►

> "I want to be thrown around the bedroom – in a nice way!"

Sabine

Hi Sabine! What have you been up to recently?
Hello, *Nuts*! I recently went home to my native Latvia for a holiday.

Are you famous in Latvia?
No, not at all. I like it that way. I guess it's a bit of an escape.

Can you suggest some Latvian food for us to rustle up?
My favourite is olives with lots of different kinds of sausages chopped up and made into a kind of soup, with vinegar. The longer I stay in Britain, though, the more I love fish and chips.

Do you think you'd be any good on a reality TV show?
Yes. I'm a really good dancer, so I'd love to do anything dancing-related.

What would be your perfect first date?
I like doing things outdoors. Walking in the mountains, climbing trees, or maybe running naked through forests!

So what are your needs?
I like the rough with the smooth. I want someone who can throw me around the bedroom, but in a gentlemanly way. It's a fine balance.

Do you get lots of fan mail?
Actually, yes. It's usually nice things like people asking for signed pictures and saying how much they like me.

Do you and your friends ever have sexy sleepovers?
I've never planned one, but when I see my friends, it doesn't take much for us to put sexy undies on and have an impromptu photo shoot.

What are your plans for the summer?
I'm going to visit Latvia again, and I'm going to Italy for the first time soon. I'm really excited! ✖

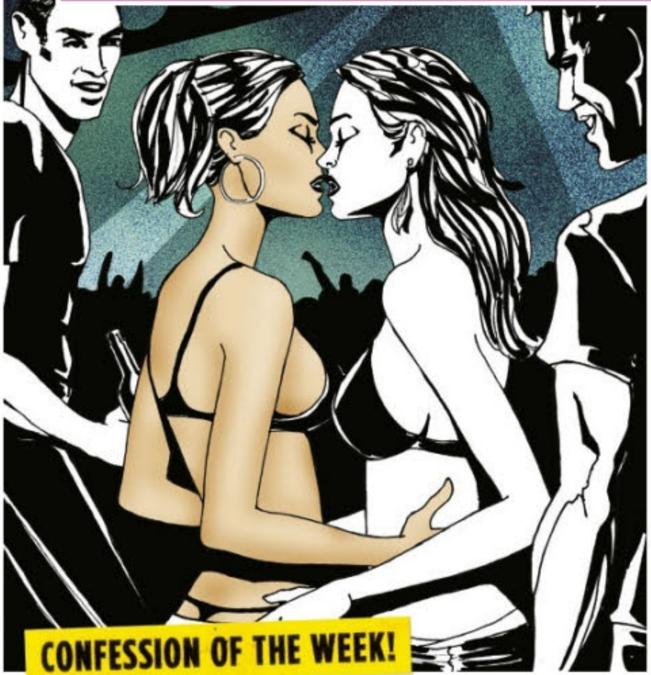
LADIES CONFESS! TO OUR SECRETARY!☛

Racy revelations from our female readers!



CONFESSION OF THE WEEK!

'We put on a show for them'

I WAS out clubbing with my friend and the guys were all over us. It was flattering at first, but then it got really annoying, so we had a great idea to get rid of them: we pretended to be lesbians! This idea actually had the opposite effect, though – they got even more excited. Then the guy I was seeing turned up and saw me kissing my friend. He didn't like it and walked out. I think he was expecting me to follow, but I was having too much fun and I stayed with my girlfriend all night. We now get together each week both on the dancefloor and off!

Kelly Brighton

'We had fun in the snow'

WHEN IT was snowing a few weeks ago, my friends and I went sledding loads. One of the guys was very cute and a snowboarder, so he could do all sorts of tricks, which really impressed me. Later, our friends climbed on a sled, leaving me and this hot guy alone. He stepped towards me grinning, brushed snow from my hair and leaned in to kiss me. It felt electric and soon our hands were all over each other. He ended up on the floor with me on top, riding him because I didn't want to get my clothes soaking wet and dirty. When we rejoined the others, we looked liked we been exerting ourselves in the snow, clothes wet and bright red faces!

Sara Chingford

'Sex alone in the woods'

MY BOYFRIEND and I were having a romantic walk through the woods last week with our dog, when all of a sudden he took me by the hand, pulled me towards him and started kissing me passionately. I was instantly wet and feeling him rock hard against my leg turned me on immensely. His hand found its way down my jeans and soon he was rubbing my clit with one hand while holding onto the dog lead with the other. I gasped loudly, and grabbed his hard manhood, playing with his length. He then bent me over a branch, pulling down my trousers and knickers and entered me from behind till we both climaxed, the thrill of knowing anyone could have caught us was such a turn-on. It's a walk I'll never forget.

'I went down on my knees'

I POPPED in one afternoon to visit my fella who works in a warehouse. He was working near the entrance when he spotted me, grinning from ear to ear as his eyes fell upon my tiny dress and long tanned legs. I watched as he lifted heavy boxes and, suddenly feeling fruity, I cheekily grabbed his crotch and gave him a sexy look. His boss had gone out for lunch so he took my hand and we raced down one of the aisles to the far corner. Kissing him passionately, I stuck my hand down his trousers and felt his rock-hard erection. I began stroking him and then sank to my knees between some cardboard boxes to give him oral sex. I spotted a colleague of his looking on in awe and envy, so I gave it my best head yet, porn queen-style!

10 RUDE QUESTIONS!

And a real girl to answer them!

Hayleigh

22 **Birmingham**

1 Where's the strangest place you've had sex?
"When I lived in Sydney, Australia, my boyfriend at the time and I walked down to Bondi beach and got carried away."

2 What's your trademark move in the bedroom?
"I have been known to bite necks and leave teeth marks. I blame *Twilight*!"

3 What really turns you on?
"Good aftershave. I don't know why, but certain aftershaves must have something in them to get my attention."

4 What's your favourite position?
"If I had to choose just one, I'd pick on top. I'm in control and the guy's hands are free to explore."

5 Is it better to give or receive?
"I've been called selfish in bed before, but now I'm a little older, I'm a lot more giving."

6 What one thing would you really like to try but haven't yet?
"I'd like to try sex in water, in a Jacuzzi pool or maybe the sea. It always looks so exciting in films!"

7 Ever got it on with another girl?
"No. I'm very much into men but I can appreciate an attractive girl."

8 What's your role-playing costume of choice?
"There's nothing more sexy than a matching underwear set. Red bra, thong and super high heels."

9 Have you ever made a sex tape?
"I like to keep it private and intimate. I prefer mirrors!"

10 What's the rudest thing you've done?
"A boyfriend of mine was watching football but I had other ideas, so I stripped down to my underwear and distracted him!"

"I've been known to leave bite marks!"

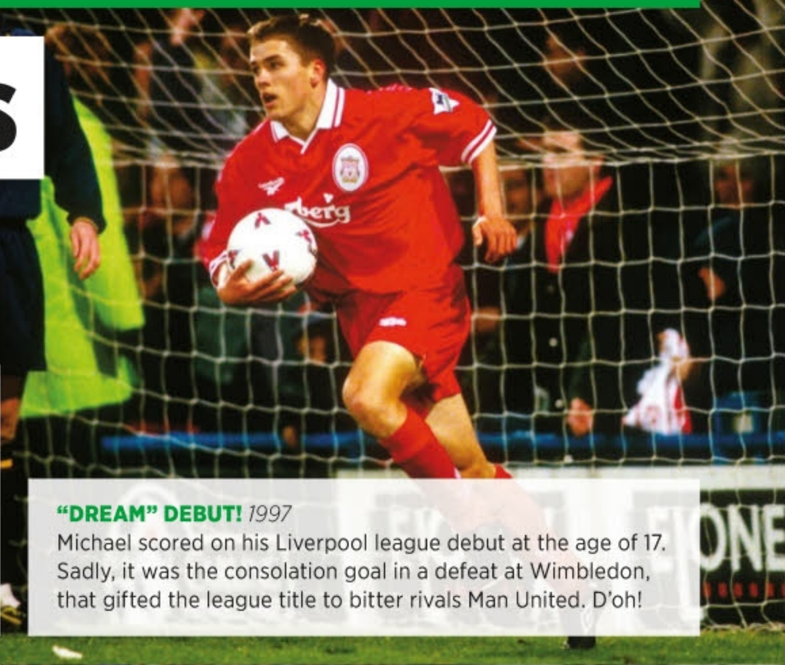
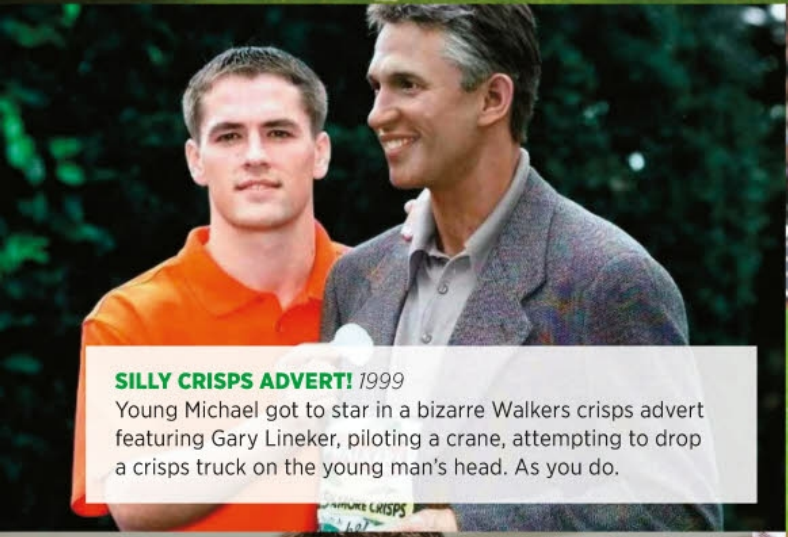
Michael Owen's crazy career!

We look back at the striker's high points – plus a few slightly less salubrious ones...

→ **THE PAPERS** went into celebration overdrive last week, when Michael Owen announced that he was retiring from football. And with good reason – the man's a goal-scorin', injury-battlin' England legend. But, *Nuts* being the magazine that likes to take an alternative look at any situation, we thought we'd remind you all of some other classic Owen moments, as well as all those great goals...



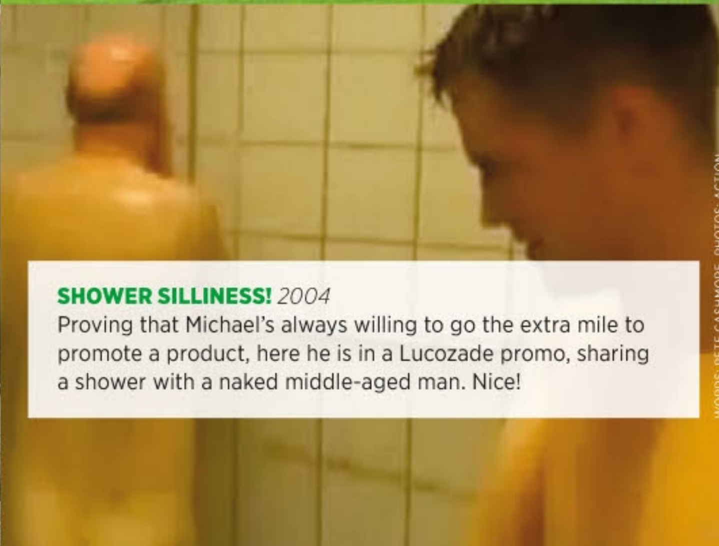
"DREAM" DEBUT! *1997*
Michael scored on his Liverpool league debut at the age of 17. Sadly, it was the consolation goal in a defeat at Wimbledon, that gifted the league title to bitter rivals Man United. D'oh!



SILLY CRISPS ADVERT! *1999*
Young Michael got to star in a bizarre Walkers crisps advert featuring Gary Lineker, piloting a crane, attempting to drop a crisps truck on the young man's head. As you do.

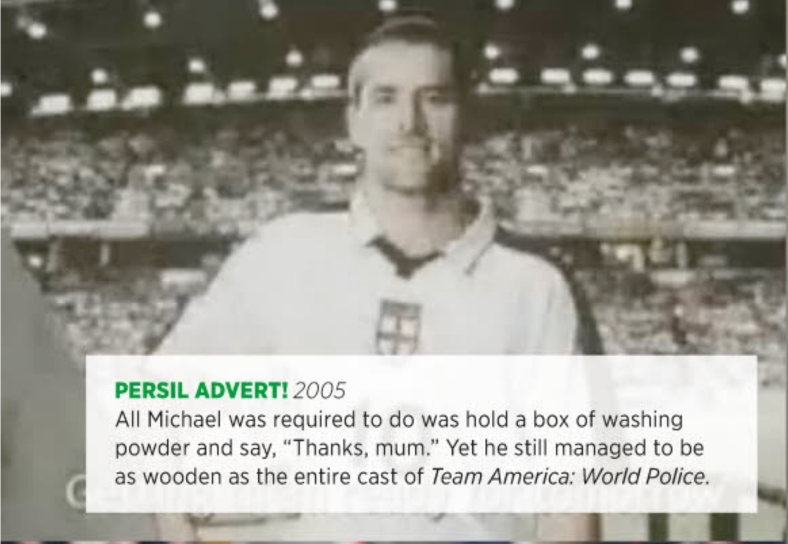
CRUSHING THE GERMANS! *2001*
We couldn't ignore the hat-trick in England's famous 5-1 annihilation of Germany. If you work with anyone German, wave this bit of the page in their sausage-bothering face.

BONKERS GAMBLING! *2003*
Owen's squeaky clean image was tarnished when it was alleged that he'd incurred losses of £130,000 betting on the gee-gees. "It was more like £40,000," was his claim!



SHOWER SILLINESS! *2004*
Proving that Michael's always willing to go the extra mile to promote a product, here he is in a Lucozade promo, sharing a shower with a naked middle-aged man. Nice!

WORDS: PETE CASHMORE PHOTOS: ACTION IMAGES, GETTY IAMGES, REX FEATURES



PERSIL ADVERT! *2005*

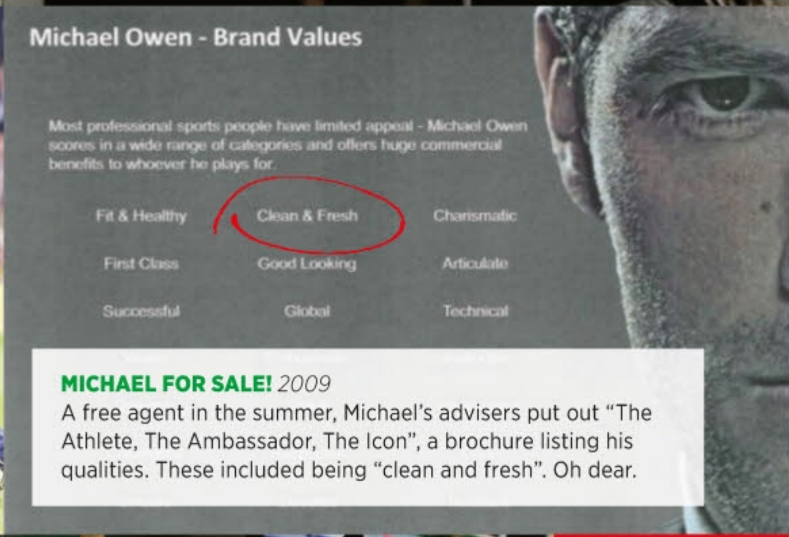
All Michael was required to do was hold a box of washing powder and say, "Thanks, mum." Yet he still managed to be as wooden as the entire cast of *Team America: World Police.*

DOMINO'S PIZZA ADVERT! *2006*

Possibly the weirdest of all of Michael's TV ads, this sees Michael apparently being held against his will in a football fan's broom cupboard. The pizza looked nice, though.

COMEBACK KING! *2007*

Michael, now at Newcastle, plays 90 minutes for the first time in nearly a year after a cruciate ligament injury. Just two weeks later, though, he's stretchered off in a match against Watford.



Michael Owen - Brand Values

Most professional sports people have limited appeal - Michael Owen scores in a wide range of categories and offers huge commercial benefits to whoever he plays for.

Fit & Healthy	Clean & Fresh	Charismatic
First Class	Good Looking	Articulate
Successful	Global	Technical

MICHAEL FOR SALE! *2009*

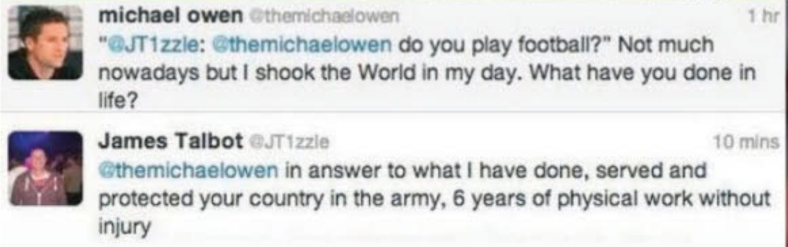
A free agent in the summer, Michael's advisers put out "The Athlete, The Ambassador, The Icon", a brochure listing his qualities. These included being "clean and fresh". Oh dear.

CLASSIC MICHAEL! *2010*

Michael, now at Man United, scores their equaliser against Aston Villa in the League Cup final. Half an hour later, he is injured. His replacement, Wayne Rooney, gets the winner.

HORSE WITH EMOTION! *2011*

Michael's nag Brown Panther wins the King George V Stakes at Royal Ascot. He cries live on telly as his horse enters the winner's enclosure. Like his Gazza moment, but with a horse.



michael owen @themichaelowen 1 hr

"@JT1zzle: @themichaelowen do you play football?" Not much nowadays but I shook the World in my day. What have you done in life?

James Talbot @JT1zzle 10 mins

TROLL OF THE SEASON! *2013*

This is why you should never take on a Twitter troll –every once in a while, one of them might have a killer comeback! Sorry Michael, but we believe the word is "owned"...

THAT AMAZING GOAL AGAINST ARGENTINA IN THE 1998 WORLD CUP WHERE HE BEATS HALF THE ARGIE TEAM AND THEN STICKS IT IN THE TOP CORNER! *1998*

Well, you didn't honestly think we'd forget this, did you?

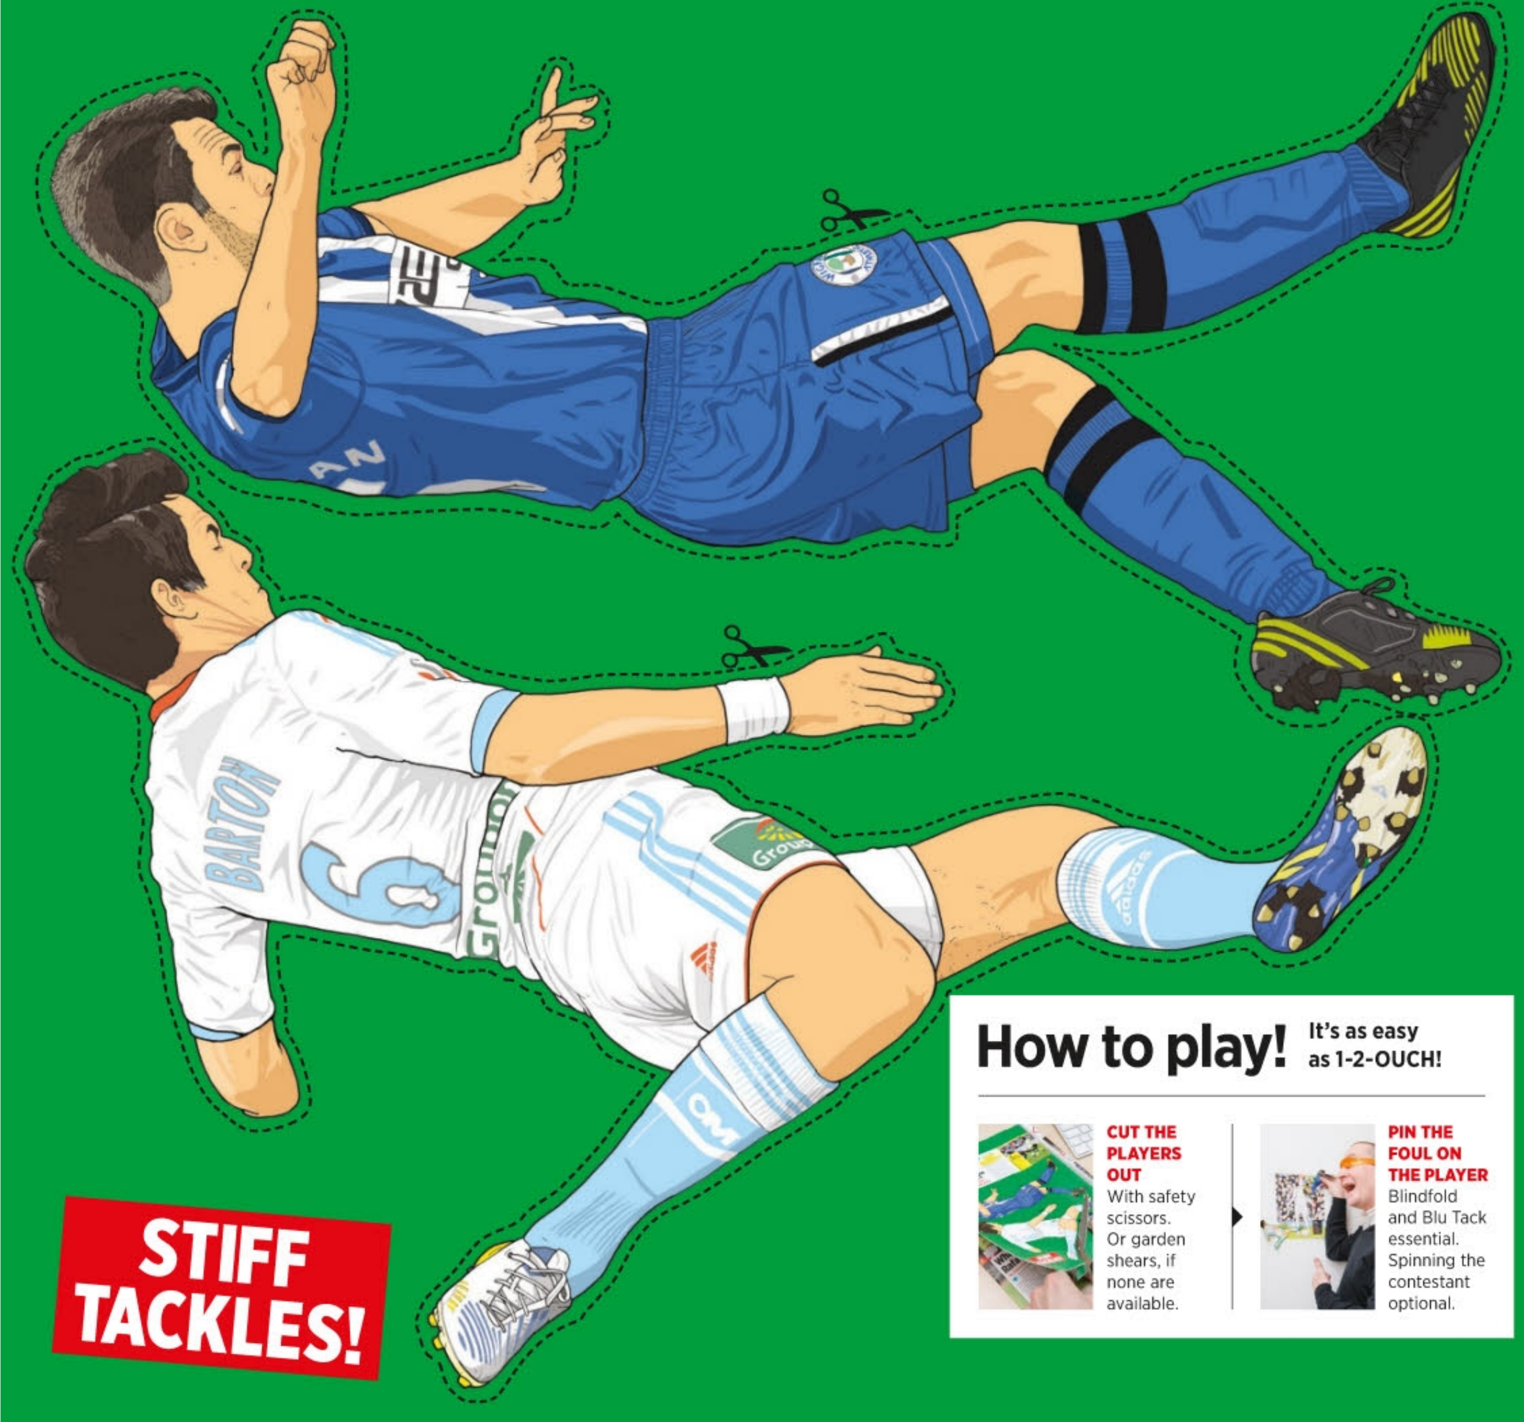
Play Pin The Foul On The Footballer!™

Like pin the tail on the donkey, but with fewer asses and more goolie hoofing!

LAST WEEK, Wigan's Callum McManaman escaped punishment after a flying tackle on Newcastle's Massadio Haidara that wouldn't have looked out of place in the UFC Octagon. Nobody likes to see that on the pitch. But as the basis of a party game? Hell, all day long! So *Nuts* invented this – Pin The Foul On The Footballer™. It's fun, free and won't put anyone in hospital!

WE SUSPECT FOUL PLAY!

We're not buying the "I was training for my role in Michael Flatley's Riverdance" story.



STIFF TACKLES!

How to play!

It's as easy as 1-2-OUCH!

CUT THE PLAYERS OUT With safety scissors. Or garden shears, if none are available.

PIN THE FOUL ON THE PLAYER Blindfold and Blu Tack essential. Spinning the contestant optional.

KAMMY!

Nuts
GRAB YOURS. EVERY WEEK

He's the voice of the fans – and he's only in *Nuts*!

"Oh my god – look at the size of that worm!"

Where have all the centre-halves gone?

It's a shame Rio didn't answer the England call – they need him!

IT'S A shame Rio Ferdinand missed out on England's latest matches – I think he could have been the bigger man and decided to stay involved. To do so would have embarrassed the England set-up and made him England's hero in their time of need. Now I'd say that's the final curtain for Rio's international career because I doubt Roy Hodgson will make the same mistake again.

At the moment, England look weaker in the centre of defence than they have done for a long time. They have a lot of good, capable defenders, but none are leaders like Terry Butcher, Tony Adams, John Terry and Rio. It's slightly worrying, but I think England will get by – the likes of Chris Smalling and Phil Jones would get into most international squads.

I think Roy felt pressured to get Rio back in the England set-up. He tried and now probably feels like he's taken a custard pie to the face!

"Marvellous – Daz Automatic does it again!"

Blackburn Rovers – what a total farce!

AFTER 67 days and 15 games in charge, another Blackburn Rovers boss, Michael Appleton, gets the tin tack!

I've never encountered a regime as eccentric as that of the Venkys. They're clearly desperate for promotion as it's a financial disaster for them as long as they're not in the Premier League, but they've made mistakes from the start.

When they had a chance to bring in Alan Shearer, but appointed Henning Berg, it all started to go wrong. With Shearer, the whole culture of the club would have changed.

I'm not sure what Michael Appleton did to justify being brought to the club, but it's been a disaster from start to finish, and not of his creation.

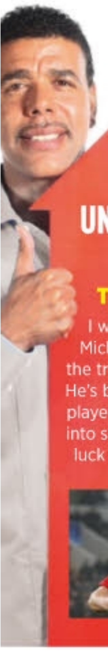
KAMMY'S UNBELIEVABLE-OMETER™



UNBELIEVABLY GOOD!

TOP OWEN!

I was happy to see Michael Owen get all the tributes he received. He's been a fantastic player who just ran into some bad, bad luck with injuries.

UNBELIEVABLY BAD!

WEAK FA!

The FA have been very weak in their stance over Callum McManaman's foul against Newcastle. Impose a three-match ban and move on.

Spare a thought for poor Portsmouth!

I HAVE real worries about the future of the club where I started out. At the time of writing, Portsmouth are bottom of League One and staring yet another relegation in the face.

The club seemed to fold like a badly erected tent when Harry Redknapp left and the worst thing is that they don't seem to be showing any signs of bottoming out or finding a solution to arrest the decline. When's it going to end? Are they going to tumble out of the league completely?

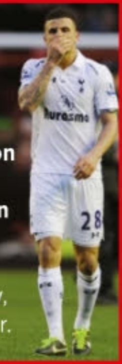
I started my career at Pompey – I wouldn't be where I am without my apprenticeship there, and it doesn't bear thinking about. They have such tradition, great support who love their team, but they need someone with plenty of money and the willingness to lose it, and where will they find someone like that? I worry that in ten years' time clubs like Portsmouth might not even exist.

"Eight, nine, ten... coming, ready or not!"

"Quote me on that!"

This week's biggest match debaters!

"The Pope was elected for a reason. Our positive energy will come from the Vatican"
OK, Mauricio Pochettino.

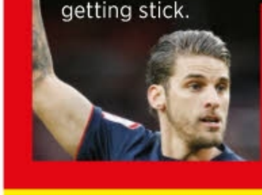


"I don't know why I got a tattoo of my name on my hand. Probably in case I forgot it"
Mr Memory, Kyle Walker.

"I can't remember the last person who scored that amount of goals. It was Frank Lampard"
Alan McInally's short-term memory loss.

"I wish my wife Sandra was 25 years younger because she was a right sort"
But would she say the same about you, Harry Redknapp?

"Fans should be allowed to drink, enjoy themselves and abuse the players"
Blackburn's David Bentley loves getting stick.



"My wonky elbow is a massive pain in the backside"
Graeme Swann must be very flexible.

"I think we've been Everton all season"
Everton boss David Moyes has trouble naming his team.

OO-ER SOUNDS A BIT RUDE CORNER!

"It's a gash and not a nice-looking one"
Phil Thompson tells is like it is.

"The big German's first thought is 'Can I get in behind?'"
What films has Gordon Strachan been watching.

"Remy just doesn't come"
Charlie Nicholas on the QPR striker who can go all night long.

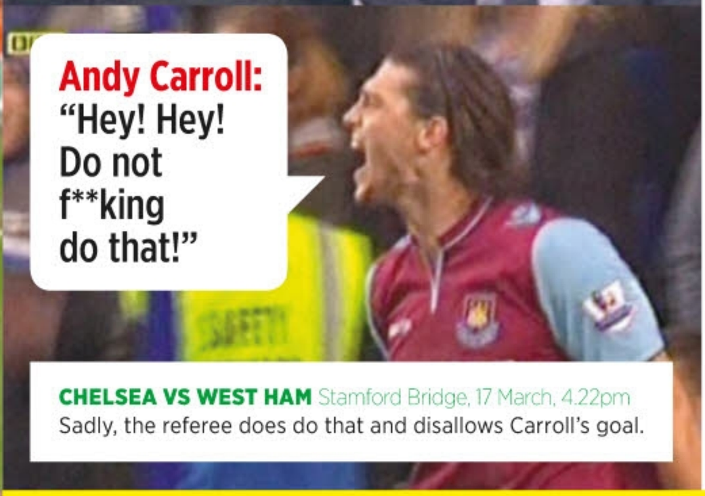
The Toon's No.2 has choice words for Callum McManaman.

Howard Webb: "Ha-ha! Fair enough, let me phone reception now!"

CHELSEA VS WEST HAM Stamford Bridge, 17 March, 4.19pm
The fourth official shares a weird private joke with Rafa.



Andy Carroll: "Hey! Hey! Do not f**king do that!"

CHELSEA VS WEST HAM Stamford Bridge, 17 March, 4.22pm
Sadly, the referee does do that and disallows Carroll's goal.
